SC-162  Charles Crickmore Aviation Photograph Collection

(22 items)

The collection consists of five large black and white photographs, one 8x10 color photograph, and sixteen smaller photographs stapled to a cardboard backing that appear to be during the Korean War. The collection was initially donated to the Air Force Museum in 2002 and then transferred to Special Collections and Archives in 2002. The collection of photographs spans the period 1944 to approximately 1952. There are no restrictions on the use of the photographs.
