## Historical Sketch

---

Established in 1973, the College of Nursing and Health enrolled sixty-one students into the new baccalaureate nursing program. The college received their first accreditation in May 1976 with the first master's degree program was launching two years later in January 1978. June 1979 saw the first students graduating with their master's degree. The college entered into a shared agreement with the Division of Nursing at Miami Valley Hospital to enhance the education of the nursing students and has grown to forty-eight other area health agencies. The year 1993 saw the college added six specialties in nursing to the master's program along with being named one of the colleges of nursing in the State of Ohio for the Advanced Practical

Nursing pilot project. The accreditation was renewed for another ten years in April 2005. The doctoral nursing degree program was established in January 2008. Two more additions to the graduate program were launched in 2013 and 2014. The last full accreditation was awarded in November 2014.
